

WE ARE IN THE PINK FOR OCTOBER BREAST CANCER MONTH!

All pink yarns and notions are 15% off during October.

Greetings BFFs! (That would be Best Fiber Friends in yarn speak.....)

Wowzer, do we have lots of news! Grab your calendar and check out the updated class schedule now posted on our [web page](#). We still have openings in the Two at a Time On One Circular Needle sock class that begins this Saturday, October 1. If that doesn't work, consider the Toe-Up Socks on Two Circulars that starts Tuesday, Oct. 4th. Socks are fun and addicting (we are total enablers here) so jump on the sock wagon and you will be knitting socks for holiday gifts. Our new sock related FREE event begins November 2. **The Monthly Sock Club** will meet the first Wednesday of the month from 5:30 - 7PM and will be nothing but socks, socks, socks! Bring sock yarn from your stash to swap, knit or crochet anything sock related or consider starting the jaw-dropping sock blanket that has been featured on Ravelry. Each month at **The Club** we will unveil a brand new sock yarn that attendees will be able to purchase that evening at 15% off. Oh, and did we mention this is a free event?

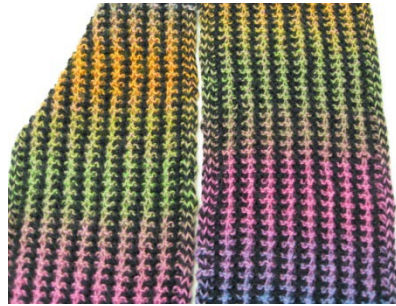

The **Monthly Mystery Block** has begun but you can join anytime. Get all the "knitty gritty" on the [web page](#) and note the new addition --- due to popular demand we have added a gathering time for the MMBers. On the 3rd Tuesday of each month from 5:30 - 6:30, pop on over, bring your block in progress, compare notes, chat and maybe even enjoy a glass of wine. The first Tuesday of each month the new pattern will be available, the third Tuesday we gather and the last Tuesday the current month's block will be revealed.

Many of you are familiar with the popular designer, Susan B Anderson, who has authored scores of baby and children's garments and toys. One of her latest projects is a knit-and-read book, **Spud & Chloe at the Farm**. Local knitter, Cheryl Topoligus, knitted everything in the book including bales of straw and hatching chicks. We want to celebrate Cheryl's accomplishment by having a reception, aka PAHHTY, for her! On Thursday,

October 6th, plan to visit Cheryl's farm, enjoy refreshments and stay for Knit Night. It all starts at 6 PM. The books will also be available and on sale for 15% off.

New yarn is arriving weekly and we think we have something for everyone -- one ball projects to sweaters with loads of free patterns to support the yarns. We love seeing your finished (and in progress) projects so bring them in so we can gush or post them on our [Ravelry page](#). Speaking of Ravelry, soon you will be able to buy the patterns that you find on Ravelry right here at ***In a Yarn Basket***. We will keep you updated as the kinks get worked out.

Sign up soon for the new **Slip Stitch Scarf** class. This technique is so easy you will NOT believe it and your friends and family will be speechless! Don't worry, your secret is safe with us.....we will never tell that this class is appropriate for beginners!

Thank you for your time. Keep those needles and hooks clicking and happy Fall to all!
